1   Introduction

In this document we shall go through testing and validation for verifying stage to micron level acurracy on the x/y plane.

1.1   Math Example

Here is an inline formula: $E = mc^2$.

Or a displayed formula:

$$\int_a^b x^2 \, dx = \frac{b^3}{3} - \frac{a^3}{3}$$

2   Adding Figures

Include a figure using the 'graphicx' package:

Figure 1: An example image.

3   Conclusion

This concludes our simple LaTeX example. Enjoy writing your document!
